

Fundraise Towards your Expedition

Why fundraise?

Raising funds for a Raleigh Expedition is essential to support the life-changing experiences it offers. Contributions will help cover the costs of National Venturers and Bursary participants joining Expedition, ensuring that young people from diverse backgrounds can participate. You can read more about Supporting National Venturers to join Expedition here.

Your fundraising will also towards covering your food and accommodation costs.

Your support will help to create a positive impact, and diverse and accessible Expedition environment.

How much?

We recommend setting a fundraising goal of between £400 and £600.

This amount is ideal for making a meaningful contribution towards the essential costs of a National Venturer's Raleigh Expedition. Hitting this target will not only help ensure a successful Expedition but also allow you to make a tangible difference in the lives of those involved.
