

# VACCINE: NOMAD/MASTA TRAVEL CLINIC

## Who are they?

With a network of more than 98 clinics across the UK, their expert team provides tailored risk assessments based on your destination and health needs. They offer essential vaccinations, medications, and medical kits to prepare you for your journey, while also answering any travel health queries to ensure you travel prepared and protected.

\*This is for UK based venturers/VMs only

## Why use this travel clinic?

1. As an exclusive benefit, when you book through the Raleigh referral link, the appointment fee is completely free of charge (usually £20). Click below to book your appointment today and travel with peace of mind. [Book Your Appointment Here](#)
2. A tailored Travel Health Brief (example attached) is emailed to each client with their confirmation email from Nomad & MASTA, outlining any additional health risks and vaccination/medication requirements for their destinations.

Please note that vaccinations and products received at the appointment are charged separately"

## How/what to do?

Please note this is only for UK venturer and venturer managers at this time

1. Book appointment here - [Link](#)
2. The appointment is free but budget for Vaccine costs
3. You can discuss the vaccine recommended as per your welcome pack with the clinic
