

# VENTURER FUNDRAISING GUIDE

## Why Fundraise?

Fundraising is important to help support the cost of your Expedition. It will allow you to buy good-quality kit that will last not only for the Expedition itself but also for future adventures. It also helps cover essential costs such as:

- Flights – Travel to and from your Expedition destination
- Insurance – To keep you protected while you're away
- Vaccines – To ensure you're prepared and safe to travel
- DBS Check – Required for working in certain community settings

Taking responsibility for your fundraising shows commitment and helps you get the most out of your Expedition experience.
