

GETTING AN eSIM

WHAT'S AN eSIM CARD?

An eSIM (embedded SIM), is a digital SIM that allows you to use a mobile data plan from a carrier without the need for an additional physical SIM card.

It can be connected to any mobile network that offers eSIM services. They're particularly useful while roaming, allowing you to switch to a local network, or a provider that offers better roaming fees at your destination.

IMPORTANT: Check your phone supports eSIM before purchasing an eSIM

HOW TO GET AN eSIM CARD

Our partner GoAbroad offer eSIM cards with a 10% discount for Raleigh customers*.

1. Go to this [page on GoAbroad's website](#)
2. Create an account using your email address
3. Choose the destination you're travelling to and the dates
4. At the check out you'll see a box to enter a promotional code
5. Enter the code **RLGH10** and your **10% discount** will be applied
6. Check out and pay online
7. You'll be sent a QR code to scan and set up your eSIM - no app needed
8. When you arrive in-country - turn ON your eSIM - usually in settings > mobile data

*Other providers available.
